

HOW TO WITNESS FROM QUARANTINE

6 IDEAS TO MAKE MUCH OF JESUS

Make the most of your “essentials” trips (like getting groceries or going to the bank). Before you go, pray for opportunities to share the gospel. Make it a goal to talk to at least one person about the hope you have in Christ.

Share hard to find goods with your neighbors (toilet paper, hand sanitizer, etc.) and see if you can get into a spiritual conversation or share your testimony.

Make art or cards with Bible verses on them and send them to your neighbors, friends, family, nursing homes, or post online. Get creative! This can be a fun craft idea for children.

Have a watch party of each week's live worship service (which can be found on our Website, Facebook, YouTube, Twitch, and Periscope).

Start an evangelistic online Bible study or book club. Create a Facebook or email group and invite people to meet online at a specific time to ask questions and discuss them. Consider books or topics that might interest people like what the Bible says about sickness, disease, and death; how to deal with stress according to the Bible; hope for the hopeless, etc. Be sure to share the gospel.

Leave a card or note in your neighbors' mailboxes with your contact information offering to help them, including a Bible verse about hope in Christ.
